Edmund Like Ice Cream

The last host of the season recently left Vancouver for the Behring Sea and other northerly points. Part of the freight was composed of ice cream, which is becoming very popular with the inhabitants of those bleak districts.

By touching a switch in London at six o'clock in the morning the Lord Mayor of London, England, recently lighted a sign at the Radio Exhibition in Melbourne, Australia, declaring the

Edenburgh customs officials report that Canadian milk and cream entering the U.S. at that point in rising amounts in spite of the tariff and it may not be long before the volume will be equal to what it was previous to the imposition of the duties.

Icebergs often last for many years. Some of those in the Atlantic are believed to have been in existence for 100 years.
